LIFE CHANGES.
SO DO DRIVING CONDITIONS.

NOW YOU CAN HANDLE BOTH.

05 NISSAN X-TRAIL

X-Trail LE shown in Silver.

THE SUV FOR EVOLVING LIVES.

Maximize every minute. Every opportunity. Stay active and engaged. With yourself. And your family. Anticipate the future. But live in the now. See the big picture. While cherishing the small details. Meet adventure head on. No matter where you may find it.

X-TRAIL

COMING TO CANADA SPRING 2004.

INTRODUCING THE NISSAN X-TRAIL.

Finally, a small SUV capable enough to adapt to whatever big changes that life – or the road – may bring. The 2005 Nissan X-Trail. Exceptional handling on- and off-road. More cargo room than Mazda Tribute, Toyota RAV4 and Jeep Liberty.* With the manoeuvrability to easily fit in tight spaces. And the power to get you out to the vast places. Regardless of how quickly things change.

* Based on 2004 competitive information,
rear seats folded on all models.

X-Trail LE shown in Silver.

THE POWER TO OVERCOME LIFE'S BIG OBSTACLES.

Wherever life takes you, X-Trail will get you there. With the power and capability to easily – and comfortably – take you from city street to mountain switchback. X-Trail's powerful 165 HP 2.5-L engine features variable valve timing and DOHC four-valve-per-cylinder design. There is even a heater for the cylinder block. Because every journey has to begin with a start. Sometimes even on a really cold morning.

THE TECHNOLOGY TO KEEP YOU ON TRACK. X-Trail boasts the technology to effectively put its power to use. Its available ATTESA E-TS™ All-Wheel Drive System instantly adapts to changing conditions by automatically switching from two- to four-wheel drive. Plus available Vehicle Dynamic Control (VDC), which adds even more control. Factor in four-wheel disc brakes with a trio of "smart" braking features, and you'll see that X-Trail is designed to keep your wheels moving forward (or backward) and your journey moving along.

extra-large sunroof

GETTING THE BIG PICTURE. X-Trail brings a whole new dimension to your world. From the extra-large sunroof that gives both front and rear passengers a view of the sky to an interior designed to make your life easier. X-Trail opens up a lot of possibilities. Rear seats that fold flat. Even a pass-thru that opens for longer items like snowboards, while leaving plenty of room for your friends. Plus a cargo area loaded with versatile features like rear tie-down clips in the floor and ceiling to keep your gear properly stowed.

X-Trail SE shown in Black Cloth.

washable cargo floor

MORE BIG FEATURES.

Washable cargo floor removes for easy cleaning • Centrally located gauges for improved visibility • Available 160-watt 6-CD audio system with six speakers • Storage box and cupholders that keep drinks warm or cool • Driver's upper dash storage with power outlet to charge your cellphone out of sight.

* Please keep in mind that airbags are a supplemental restraint system and must always be used in conjunction with a seat belt. Also, a rear-facing child restraint must never be placed in the front-passenger's seat. In fact, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Driver and front-passenger side-impact supplemental airbags are designed to inflate in higher severity side collisions on the side of the vehicle impacted. Please see your owner's manual for more details.
