The Metro Toronto Convention Centre is Canada's #1 convention and trade show facility. The Centre boasts over 600,000 square feet of exhibit and meeting space including 64 meeting rooms; a world class 1,330-seat theatre; and two carpeted ballrooms.

Aside from being praised as a Tier One convention facility, the MTCC has an enviable reputation for service excellence. Our sales team carefully selects perfect meeting spaces suitable for your every event; Event Coordinators are assigned to each meeting, convention and tradeshow to manage your every detail, and our in-house culinary staffs create such tasty, glorious food that is second to none. Everyone works with a common goal in mind: To make your event successful and one to remember.

As an added bonus, the Centre is located in the heart of downtown Toronto, within walking distance of 10,000 hotel rooms, shopping, restaurants, and city attractions. The MTCC is only a 20-minute drive from the Toronto Pearson International Airport.

Toronto is Close and Accessible!

Getting here is easy and inexpensive. The city is serviced by the ultra-modern and efficient Toronto Pearson International Airport. Recently expanded, this large airline hub handles over 25 million passengers annually.

In fact, more than 1,200 flights arrive and depart daily here, close to half of which link Toronto up with all major U.S. gateways and many other airports state-side. In all, almost 50 U.S. destinations are served on a daily basis.

How Close?

Toronto is within a 90-minute-or-less flight for more than 60% of North America's population. Once you're on the ground, transfers are also fast: The airport is located just a short 20-minute car ride from downtown Toronto and the Metro Toronto Convention Centre.

There's no doubt about it. Toronto is a refreshing and invigorating city. A city of many charms and delights, with something to appeal to every taste. Easy to see why we are the top convention city in North America and one of the world's top 15.
